INTERVIEW QUESTIONS & ANSWERS

Give an introduction about yourself?

In this question keep the answer more about your personality, hobbies, your education background, and past employment. Avoid talking about your family background in this question until specifically asked. This question is asked to the interviewee to break the ice and put them at ease to continue with further round of questions. Keep the tone of conversation amicable and formal. Do not fidget when answering any questions. If you are nervous before an interview, learn breathing techniques and take a deep breath. Answer the questions giving specific information and ensure that all the information that you provide is correct.

Why you want to work in a BPO?

Depending on whether this is your first job or not, you can frame the answer. You can talk about improving soft skills and technical skills. You can also talk about the growth of the service industry, Work culture and organizational structure and how it helps you shape your personality and perspective about work-life balance can also be the factors you can choose to speak about.

How would you describe yourself as a person in Professional Sphere?

The purpose of this question is to ensure that the interviewee has all the personality traits that the organization is looking for. Provide answers that ensure that your personality suits their work culture. Study the work culture and get information about the organization so you know what they are looking for. You can describe your qualities that suit the work culture of the organization, like dedicated, flexible, creative, proactive, etc.

Canada Visa Interview Questions & Answers

The following are some of the **Canadian student visa interview questions** that the ambassador may ask:

1. How are you doing?

Tip: You don't have to be nervous and answer in a formal way. This question is basically asked to make you comfortable.

Fine, thank you.

2. Have you ever been to Canada before?

Tip: Though Visa officer has the record of all your visits to Canada but you have to tell them the truth. If you have been there then you should remember the date of arrival & departure.

Yes I have been to Canada once in 2006 on a tourist Visa.

Or

No, I have not been to Canada so far.

If yes then it is advisable to remember the date of last arrival and departure from Canada.

3. Why do you want to study in Canada?

*Tip: Visa officer wants to understand your intentions to go to Canada. As you are applying for **Canada student Visa** so you should only talk about that.*

I want to go there to pursue my Masters degree. Because of the ample research facilities and global exposure available there. I will be completely equipped in terms of practical exposure, by being in contact with people from different nations and working with the best technology.

4. Why did you select this particular university?

Tip: You should go through the website and handbook of your university carefully. Pen down some highlighted features such as World ranking, the research facility, the faculty profile, Alumni profile etc. Visa officer wants to know the reason behind joining the particular University.

E.g. I was keen to study in a university which can give me quality education so while searching various options I found that this university has got the best faculty available in my subject. Even the research facilities are very good. Moreover it is listed in the top 50 universities of the world with well known professionals as its Alumni's.

5. For which course are you going?
