Aviat networks eclipse software download.

If you would like more information about a specific cryptographic module or its schedule, please contact the provider. Of these cookies, the cookies that are sorted as needed are stored in your browser, as they are essential for the operation of the basic functionalities of the website. Calculate your salary classification We also use third-party cookies to help us analyze and understand how you use this website. But choosing to opt out of some of these cookies may have an effect on your browsing experience. OverviewMatch Build-Ganning Reanume the MIP list contains cryptographic modules on which the CMVP is actively working. These cookies will be stored in your browser only with your consent. This list does not provide granularity in which the entity has the action. For a module for the transition of the pending review to be reviewed, the lab must first pay the NIST cost recovery fee, and then the report will be allocated as resources become available. The validation process is a joint effort between the CMVP, the laboratory and the provider and, therefore, for any given module, the action to respond could reside with the CMVP, the laboratory or the provider. 2 - Astro subscriber encryption module revoked - Des Transition terminated11 - Radio Network Controller Encryption Module Controller (RNC EMC) Historical Revocation - DES Transition terminated13 - Astro-TAC Digital Interface Unit (DIU) Encryption Module Controller (EMC) Historical Revocation - DES FEDED14 Dismissed - ASTRO subscriber encryption module REVOCATED - DES Transition completed15 - Astro XTS 3000 Subscriber encryption module Historical Revocation - DES Transition ended37 - KVL 3000 HIST REVOCATED RICOS - DES TRANSITION ENTREGADA79 - KVL 3000 HISTORICAL REVOCATES - DES TRANSITION ENTRED82 - Module of encryption of subscribers of Astro Revoked DES Transition terminA86 - ASTRO-TAC Digital Interface Unit (DIU) Encryption Driver (EMC) Revoked Rich - DES Transition terminA88 - Key Key Encryption module controller (EMC) revoked historic - transition from completed183 - Subscriber Astro Universal Crypto Module Historical207 - Key Management Facility Crypto Card (KMF CC) Historical229 - KVL 3000 plus historical230 - KVL 3000 plus historical236 - Digital Interface Unit Crypto Module Historical249 - Astro Subscriber Encryption Module Historical2 559 - Module DLL of Encryption Historical260 - Module of Encryption Services Historical282 - Subscriber Astro Universal Crypto Module Historical315 - Motorola Gold Elite Gateway Safety Card (MGEG SC) Historical331 - KEY MANAGEMENT FACILITY CARD KMF CC Historical336 - Digital Interface Unit Cryptographic Module (DIU CM) Historical480 - Key Variable Charger (KVL) 3000 Plus Historical594444 - More Safety Card CC7500 Cryptographic Motor Cryptographic History806 - Subscriber Astro Module Cryptogra Universal Fico (UCM) Historical858 - Module controller Radio Network Controller Encryption (RNC EMC) Historical876 - KVL 3000 Plus Historical1013 - Motorola Network Router (MNR) S6000 Historical1014 - Motorola Network Router (MNR) S25550 10 Historical1088 - WS5100 Wireless Switch Historical1089 - RFS7000 RF Historical1181 switch - Astro Subscriber Motorola Motorola Cryptographic Motor (MACE) Historical1210 - Motorola Wireless Fusion in Windows Mobile Module Historical1211 - Motorola Wireless Fusion in Windows CE Historical Module Historical1254 - Astro Subscriber Ola Advanced Crypto Engine (MACE) Historical1348 - Wireless Access Point AP-7131N-44040-FGR, AP-7131N-44040-FRW, AP-7131N-44040-FIL, AP-7131N-66040-FGR, AP-7131N-66040-FIL Historical1464 - Key Variable Loader (KVL) 4000 Pike Historical1465 - Key Variable Loader (KVL) 4000 Pike Historical1466 - Motorola EMS Cryptographic Module - Motorola EMS Cryptographic Module Historical1531 - RFS7000 Interruptor RF histArico1582 - IPCryptR2 ADC histArico histArico Adtran, AMCO Engineering, Aruba Networks, Ashly Audio, Ciphertex Data Security, Cisco Systems, Control 4, Crestron Electronics, Dell Computer, Enconnex, Exact, Generic Equipment Set, Hewlett-Packard, Infinera, LifeSafety Power, Mac-Panel, Moxa Technologies, Newton Instruments, Nokia IP, Noran Tel Communications, ONYX Power, Pure Storage, Triad Speakers, Tyco y Ubiquiti Networks Este sitio web utiliza cookies para mejorar su experiencia mientras navega por el sitio web.
